OVERVIEW

Situated amidst the beautiful Byool farm, we offer you an authentic mountain experience, as you explore your creative side working with clay at The Cold Mountain Studio.

If you are curious about pottery and wish to learn more, our instructors will be available to teach you how to throw on the wheel or hand-build something.

If you're already an accomplished potter looking for a state of the art pottery in a calm and natural environment, feel free to make yourself at home and work on your pet project.

This course will introduce students to see how a pottery studio functions i.e. from clay to finished pieces. By the end of the course, students will be able to throw some basic forms and can choose some finished (fired) pieces from their own work (Rs 800/ for a kg of fired pots).
